

## Curved roof distinguishes church

Completed in January 2007, the beautifully curved roof is one of the distinguishing features of the **Covenant Baptist Church in Florida City, Fla.** VP Buildings, Memphis, Tenn., supplied a 10,000-square-foot (929-m<sup>2</sup>)

rigid frame system with a masonry exterior. Robert Barnes Architect, Homestead, Fla., was the architect, and Lemartec Engineering & Construction, Miami, was the builder.
